I am Thulluru Poojitha, 27 years old, worked as a full stack web developer intern at Goldman Sachs. I am an Artificial intelligence and Data science graduate with a passion for developing scalable web applications and working across the full stack. I've built two web apps from the ground-up using React, Node, and PostgreSQL.

Experience

April 2019 - March 2020

Full Stack Web Developer Intern

Goldman Sachs

- Developed an in-house web app using Node, React, HTML/CSS that allowed for employees to manage and recommend books to other employees to streamline monthly recommendations.
- Worked across the software development life cycle to gather user requirements and build and maintain the code for the tool which saved employees 5 hours each month in manual labor.

Projects

Poker Simulation :

- Built a full stack web app to allow users to simulate and visualize outcomes of poker hands against opponents of different play styles using open source cards.js on the front-end.
- Utilized sci-kit learn in Python to simulate possible outcomes under different scenarios that the user chose.

Cryptocurrency Price Tracker :

- Incorporated API calls to several applications and stored data efficiently in our PostgreSQL backend.
- Utilized D3.js to allow users to dynamically visualize price movements over time periods of their choosing.
